OneDrive

Stream

Sway

Work management

Efficiently manage work across individuals, teams and organizations. Create and automate your business processes.

Advanced analytics

Work smarter with personal and organizational productivity insights. Make fast, informed decisions with advanced analytical capabilities.

Device and app management

Help users be productive wherever they are while keeping corporate information secure.

Flexible management and powerful security solutions let you deliver protected mobile experiences on any device.

Threat protection

Detect and investigate advanced threats, compromised identities, and malicious actions across your on-premises and cloud environments. Protect your organization with adaptive, built-in intelligence.

Information protection

Protect your sensitive data everywhere, even in motion and when shared. Gain visibility and control over how any file is being used with a comprehensive and integrated information protection solution.

Identity and access management

Secure connections between people, devices, apps, and data. Increase your security and productivity with a single, holistic identity solution that gives you flexibility and control.

Advanced Compliance

Assess your compliance risk with simplified assessment tools. Intelligently respond to requests and protect data across devices, apps, and clouds.
